2						
3						
4						
5						
6						
7						
8	Advisory					

Agreement

I understand that Advanced Placement classes are year-long courses, and that if enrolled in an AP course, there is to be a corresponding exam taken in May. Acceptance in AP courses **will be based on:** successful completion of the prerequisite courses, teacher recommendation, timely submission of the completed application and **might also be based on** other factors such as attendance and/or interview. I also understand that there is a fee involved in taking each AP exam, which can be reduced through school, federal, or College Board fee waivers.
